

Safety First is Safety Always

Karigar has taken proactive measure to ensure the safety of our entire workforce

Standard Operating Procedure Factory Restart Manual

Standard Operating Procedure Factory Restart Manual

Introduction

As we go through these uncertain times and get accustomed to the new normal we wanted to share a new SOP (Standard Operating Procedure) that we have implemented in our facilities. These guidelines help us begin from where we left off pre-lockdown and they ensure we maintain the highest levels of safety and precaution.

STARTING FROM EACH INDIVIDUAL

Self-examination of health status at home

- Employees take ownership in declaring their health status. Those coming to the factory confirm they have not experienced any Covid 19 symptom
- Report to the supervisor
- Download Aarogya Setu Application
 (A GOI application to monitor the health, well being and location of every citizen of India)

FEVER

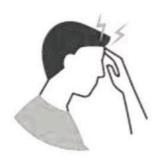

COUGH

SHORTNESS OF BREATH

SORE THROAT

HEADACHE

KARIGAR
